

Create your own **Rio 2** CARNIVAL

CREATE A BAND WITH YOUR FRIENDS

Join the celebration with the cast of RIO 2 and create your own carnival instruments! Here are a few ideas to get you started. Make sure you get an adult to help.

SHAKER

Find an empty small plastic bottle, fill it up to about 1/4 with dry rice or beans, put the lid back on and you have a shaker! You can also use a cardboard roll, sealed at both ends.

DRUMS

Anything can be a drum if you have drumsticks! For drumsticks, use wooden spoons, and for drums try upturned pots, buckets or boxes.

CYMBALS

Get metal pot and pan lids and hang them by tying strong string to the handles. Use a wooden spoon to hit them.

GUIRO (SCRAPER)

Get a cheese grater or wash board and scrape it with a wooden spoon.
